**Girls Attitude Survey 2009 - 16-21s**

**June 2009**

**METHODOLOGY AND SAMPLE**

> 422 online interviews

> Girls aged 16-21

> England, Wales, Scotland and Northern Ireland

> Fieldwork 11 May - 11 June 2009

> Data weighted to reflect national figures for age, geographical spread, and working / education status

> Significant differences between results are shown on the tabulations as letters - lower case letters represent differences between the appropriate columns at the 95% level of confidence, and capital letters at the 99% level of confidence
